SARxSW 2014

www.SARxSW.ca

Date: September 27 – 28, 2014
Location: David Lam Campus of Douglas College,
1250 Pinetree Way, Coquitlam, BC

In the late 90's, early 2000s's Rick Laing of Ridge Meadows Search and Rescue hosted a series of SARex meetings. These were training events, meetings and presentations that all SAR teams in BC were invited to attend. We would like to resurrect that tradition.

BCSARA would like to announce the inaugural SARxSW conference to be hosted by Coquitlam Search and Rescue and sponsored by Douglas College.

The conference consists of a day of meetings and presentations at the David Lam campus of Douglas Collage, followed by a day of training and outdoor exercises.

We are also inviting members of Royal Canadian Marine SAR and EMBC-Air to attend.

Current schedule includes

Saturday, September 27th

- Regional SAR Managers meeting
- *Royal Canadian Marine SAR* presentation on operations and capabilities
- *North Guardian UAV Services* presentation on unmanned aerial vehicles
- NIF project updates
- NIF grant application updates
- Case studies of significant SAR incidents
- AdventureSmart (either training or program overview)

ICOM Canada, Kenwood and other sponsors will have a presence.

Sunday, September 28th

- Marine SAR exercise - Pitt Lake
- Rope Rescue Seminar - Burke Mountain
- Royal Canadian Marine SAR cross training - Indian Arm
- Communications Exercise - Coquitlam Town Centre Fire Hall
- UAV Demonstration - Eagle Mountain
- SAR Management exercise - Coquitlam Town Centre Fire Hall
